FORUM 2013**
NORTH AMERICA

Energy Efficiency in a new ENERGY ECONOMY

The 24th Annual Energy Efficiency Forum will explore opportunities to place energy efficiency front and center in the new energy economy. In this period of expanding domestic energy supply, the forum will highlight efficiency's role as a cost-effective resource to meet increasing energy demand, a strategy to make our communities more secure, resilient and sustainable and a driver for innovative new technologies and practices.

June 12 | Awards Reception
5:30 to 8 p.m. | Mayflower Hotel

June 13 | Energy Efficiency Forum
7:30 a.m. to 2 p.m. | National Press Club

Participate in the Energy Efficiency Indicator (EEI) Research

The annual EEI survey asks executives responsible for energy use and real estate decisions about their energy management practices, investment plans, technology integration and approaches to financing. New global results will be unveiled at the 2013 Energy Forum. [Take the 2013 survey.](#)

Past Speakers Have Included:

President George W. Bush, Vice President Dick Cheney, Senator Hillary Clinton, EPA Administrator Lisa Jackson, Commerce Secretary Gary Locke, nearly every Energy Secretary since 1990, business executives including Duke Energy CEO James Rogers, and other notables such as journalist Thomas Friedman.

The Energy Efficiency Forum is sponsored by the United States Energy Association and Johnson Controls. Our mission is: *To be the premier forum that promotes an energy efficiency ethic through the presentation of national and worldwide views on energy efficiency and the resulting impact on the environment, national security and economic growth.*
